Community Partners  
Make A Difference

The Harrison Orchestra observing the Atlanta Symphony in a live rehearsal.

The Community Partners Program provides a unique opportunity for individuals, businesses, and foundations to make a difference in the lives of students in the orchestra program at Harrison High School.

The program provides visibility and awareness for community partners while providing students with special enrichment instruction, guest conductors, artists, and other opportunities that would otherwise be unavailable. Monetary and in-kind contributions support a national award-winning orchestra and helps to build a better community by building future community leaders.
